NOTICE

The first time you turn on the unit, it may take several minutes to stabilize its reception. PLEASE BE PATIENT.

Minimize the time spent viewing the screen of the unit. Voice instruction will guide you to your destination.

Do not attempt to enter destination or configure the unit while the vehicle is in motion.

If attempted, the above message will show. The message will close in 4 seconds. The only operation you are allowed is to change the view by using the view and zoom buttons.
